

AAHPA Call of the Ports

October 8, 2020

- Normal cargo schedules
- Some pandemic-related operations
 - Initial container volumes up slightly – now trailing 2019
 - Initial fuel volume spiked – now leveling above 2019
- Significant reserve fuel/freight capacity

COVID-19

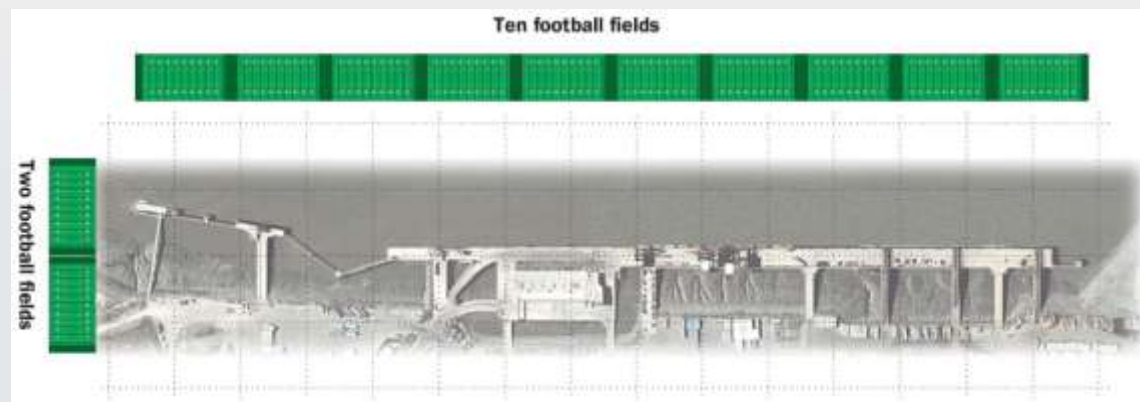

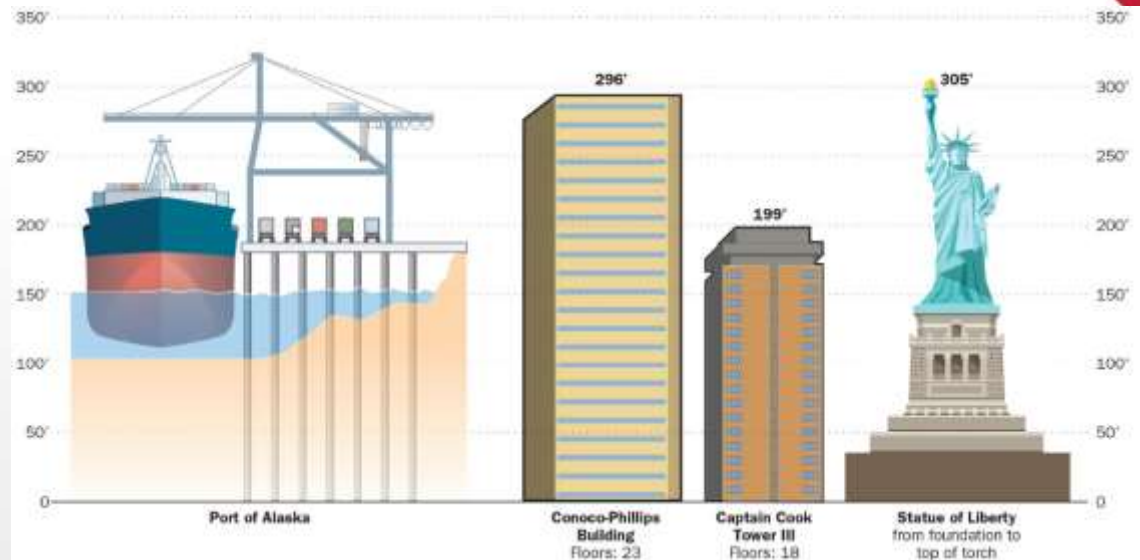

Port of Alaska Modernization Program

- Replace aging docks and related infrastructure
- Improve operational safety and efficiency
- Accommodate modern shipping operations
- Improve resiliency – to survive extreme seismic events and cook Inlet's harsh marine environment

HOW BIG IS IT?

Petroleum and Cement Terminal

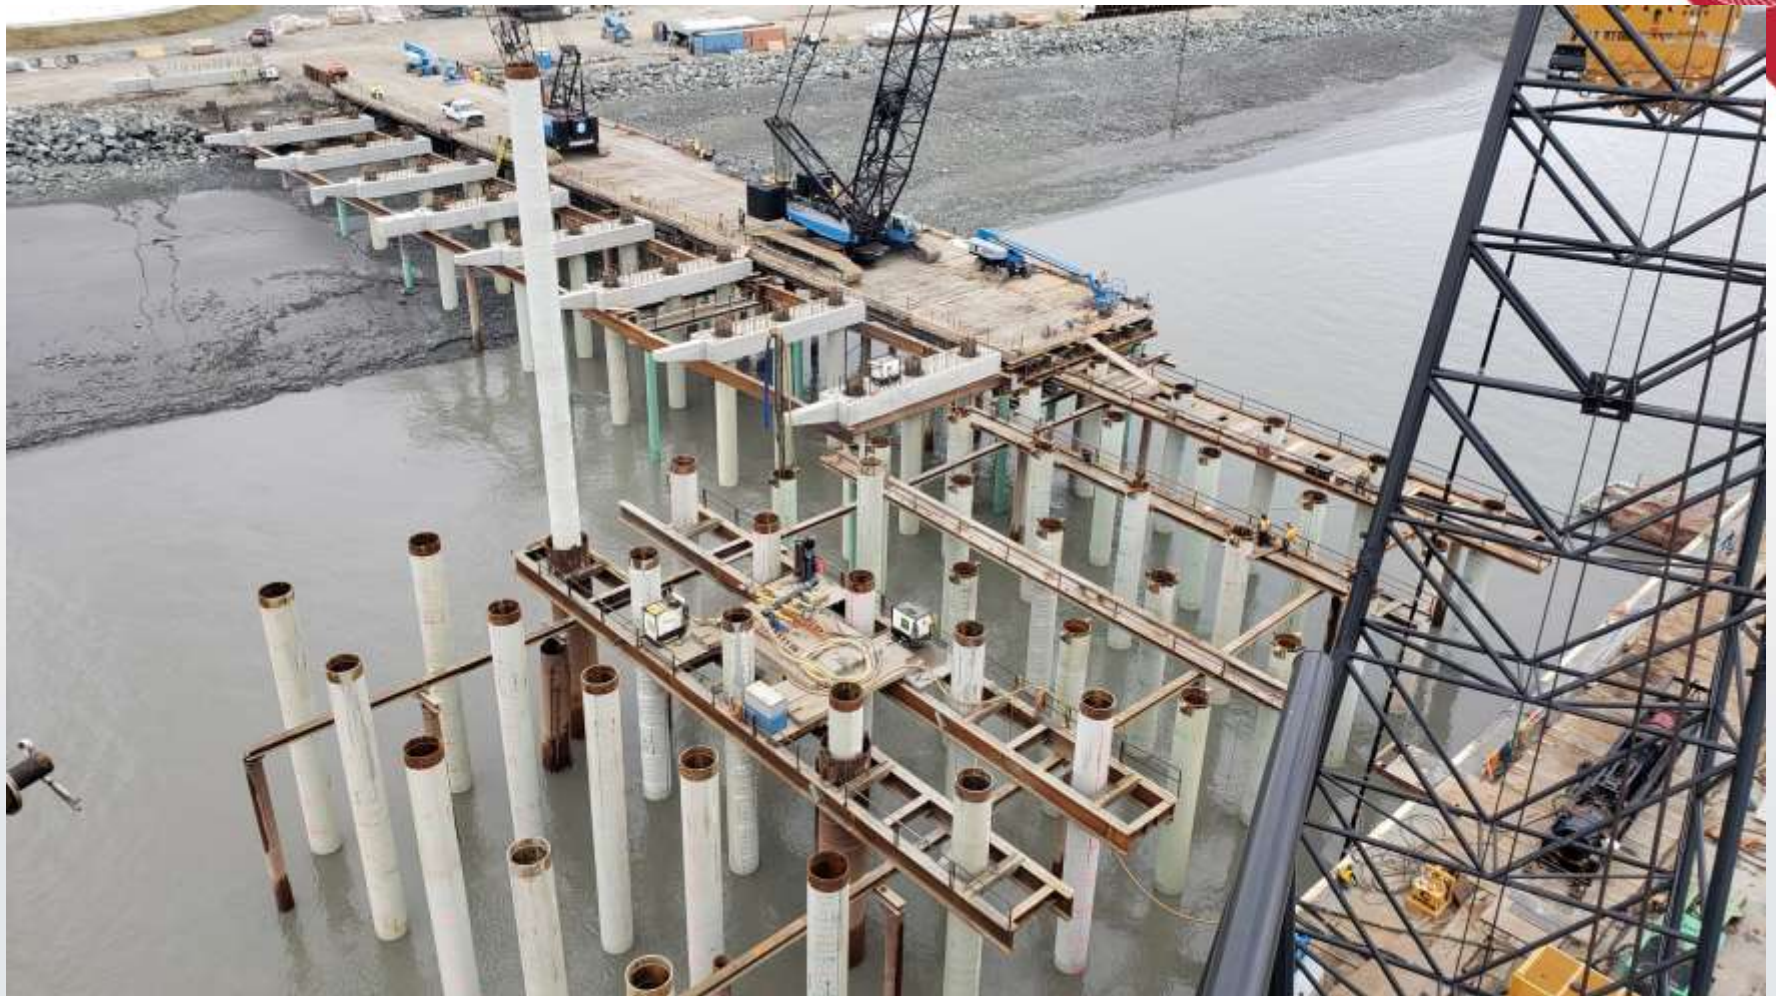

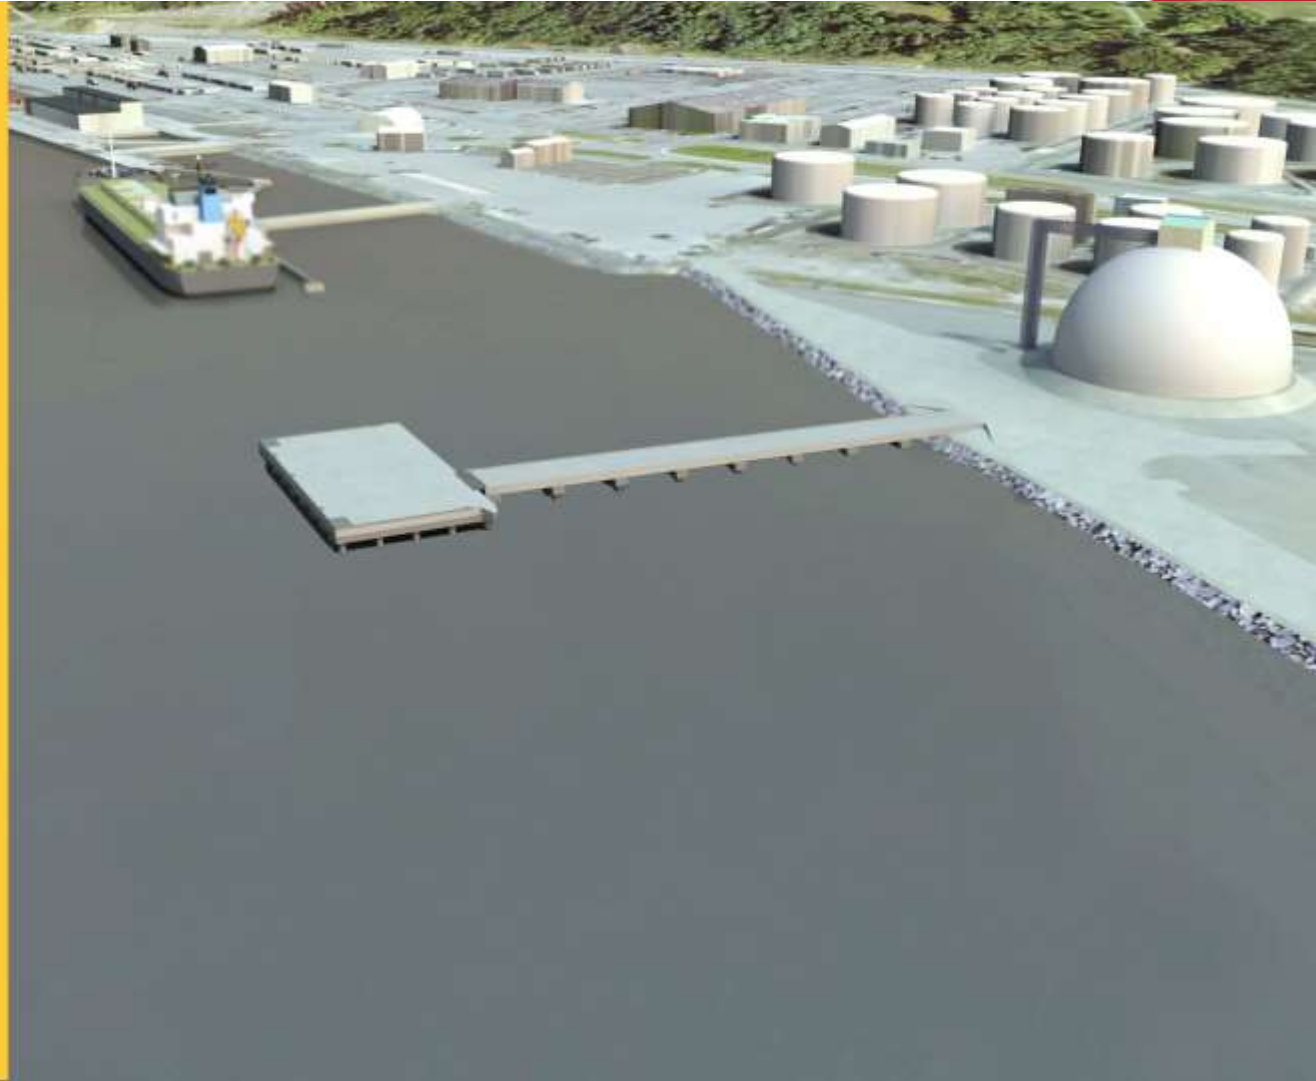

What's Next?

THANK YOU!
